How accurate is the simulator?

TruGolf Golf Simulators utilize high-speed camera technology to capture Ball and Club Data for each shot hit on an indoor golf simulator. The photometric launch monitor, combined with TruGolf's golf simulation engine, recreates the unique physics of the game of golf. After each swing taken in a TruGolf Simulator, the software provides an in-depth analysis of all Club and Ball Data, in addition to the virtual reality gameplay. The proprietary software engine, E6 CONNECT, features LiDAR Scanned recreations of world-class golf courses, accurate within centimeters of the real-world counterparts.

How long does it take to play a round?

If you are by yourself, you can expect to play 18 holes of golf in 45-60 minutes. Additional players will

add marginal time depending on your game setup.

How does putting work in the simulator?

A full, realistic putting experience is available with the TruGolf technology. The simulator will dynamically map the green showing you the breaks and you will putt the ball to the correct distance and line.

Does the simulator work if I'm a lefty?

Yes. It works the same both ways.

How many people can play on a simulator?

We can support several players on a simulator. We would typically cap a golf bay at 4 people.

Which courses can you play on the simulator?

TruGolf has over 100 courses, 4 driving ranges, 13 chip and putt ranges, 16 mini games and 8 modes of play. New courses are being added and will be added as needed to the club. See the list of functionality and courses [here](#).

Can I book private events in the club?

Yes. This is something that is available to members only. The space will not be open to the general public. Reservation requests will be reviewed on an individual basis. As the club would be closed during a private party, management reserves the right to deny any request made.

The Golf Club Oconee is excited to offer this experience to its members. We ask that everyone conduct themselves as they would at any private golf course. If we find that a member is conducting themselves in a way that is not beneficial to the club we reserve the right to revoke their membership.
